

Note: Media are invited to ride along with a patient and driver as they travel to and from medical appointments in the Phoenix Metro area. Interviews with patients, their families, the Jawman Dental team and the Envoy America team are also available upon request.

## **Jawman Dental Partners with Envoy America to Boost Service to Seniors in the Phoenix Metro Area**

(Scottsdale, Arizona – December 4, 2016) [Jawman Dental](#), a state-of-the-art dental practice that provides general and cosmetic dentistry and emergency dental care, announced that the dental office has partnered with [Envoy America](#), a comprehensive senior ride program that offers door-to-door service for its riders, to offer complementary rides to patients who otherwise would struggle to make their appointments.

Age brings about a host of dental problems that are often not given as much attention as is the case earlier in life. Some of these conditions may be associated with age-related changes in the mouth, gums and teeth including lifelong wear and tear, while other dental health problems in the elderly may be seen with various diseases. None of the dental problems seen in the senior years are unique to the elderly but greater care is required to avoid these conditions or at least limit the severity. However, even the best treatment can't work if a patient can't get there.

The Jawman Dental "Silver Seniors Program" is an industry leading program that provides affordable care to the senior population through complementary transportation through Envoy America, discounts on all dental care and follow-up care home-visits by dentists.

"We've used numerous third party services like taxis and ridesharing services, and immediately upon trying Envoy America we received very positive feedback from both the seniors, their family members and the dental staff," said Dr. Michael Steinberg, Jawman Dental. "Seniors love that Envoy America gives them door-to-door service and that the same driver waits to take them home as soon as they're done. The staff also love that a patient no longer has to wait sometimes hours for a ride home and that the Envoy driver is there to assist them every step of the way."

"We are so honored to work with Jawman Dental to offer this crucial service to senior dental patients in the Phoenix Metro Area," said K.C. Kanaan, CEO and co-founder of Envoy America. "Most often we assist seniors, but we are thrilled to help anyone who needs special assistance, and the "Silver Seniors Program" is a perfect example of how our drivers help those in need of extra assistance beyond simply picking up and dropping someone off at the curb."

### **About Jawman Dental**

Jawman Dental is determined to maintain a high quality of life for the aging population. Dr. Michael Steinberg, DDS and Dr. Joshua Steinberg, DMD have experienced and treated medical complex, elderly, mobility challenged, hearing impaired, and special needs patients. With over twenty-eight years of

experience, Dr. Michael Steinberg is one of the best dentists in the Scottsdale area. Dr. Steinberg has taken extensive post-graduate training in endodontics, prosthetics, implants and cosmetic dentistry. Dr. Joshua Steinberg was born and raised here in Phoenix, Arizona and graduated from dental school at the Arizona School of Dentistry and Oral Health (ASDOH). Dr. Joshua Steinberg's training was exceptional at ASDOH, one of the country's best dental schools for comprehensive special care dentistry for patients with intellectual, physical, and emotional disabilities, and other special healthcare needs including immuno compromised patients. Both doctors work closely with our esteemed seniors by striving to provide the highest quality, most comfortable dental care in a relaxing, state-of-the-art environment as well as volunteering in the senior community. To schedule an appointment or for more information, call Jawman Dental at (480) 348-1070 or (602) 770-2110 or go to [www.jawman.com](http://www.jawman.com) where you can book an appointment directly.

### **About Envoy America**

Envoy America is a Scottsdale, Arizona company that operates a ridesharing platform and mobile application that matches seniors that cannot drive or don't want to drive themselves with driver companions. The company leverages smart technology and human compassion to extend the health system outside the home. The service helps seniors stay healthy, independent and socially active – all without getting behind the wheel of a car. The Envoy America service is delivered by driver companions who are 50+ in age and specially trained and certified to provide a helping hand, like a son or daughter would. Call Envoy America at (888) 375-5558 to schedule an appointment. For more information, please visit [www.envoyamerica.com](http://www.envoyamerica.com).
